welcome

Welcome to the Ontario Department of Education Winter Course in Art, sponsored by the Dufferin-Peel County Roman Catholic Separate School Board.

The format of this Orientation Bulletin and the basic organization of the course correspond with other summer and winter Department courses in art.

Teachers may enrol in either the Elementary or the Intermediate Part One course once they have received admittance from the Dufferin-Peel County Roman Catholic Separate School Board. Intermediate Part One teachers must have successfully completed the Elementary course in art. The Ontario Department of Education will grant certification for these courses only when a teacher holds a valid teaching certificate. Teachers can only receive a certificate for one Department of Education course per Winter.

A choice of work units is available to all teachers. Every effort will be made to give you the units you want most. However, no guarantee can be given that you will be able to register in all the units of your choice. Please bear in mind that this is first and foremost an Art Course and all the units are planned to acquaint the teachers with a philosophy of art education and to provide assistance with certain basic skills. While some units are focused on specific grade levels, even these can be adapted to suit the needs of teachers at any grade level.

Please make yourself familiar with the contents of this book.

SELECTING A PERSONAL PROGRAMME

In choosing your units of work to complete an Elementary Certificate please consider the following:

- (a) It is compulsory for you to select one of the "Picture Making and Programming" units (DP-100, DP-101, DP-103 or DP-105) which are being offered.
- (b) It is compulsory for you to select the Lecture unit DP-121 "Art in General Education."
- (c) Summarize the gaps in your knowledge about art. Which course should you choose in order to become more proficient in your work as a teacher of this subject?
- (d) Think of the age range of the students you teach, the current trends in education and the type of programming you use. Select courses which would lend themselves to strong correlation with the lives of the students under your charge and with the community in which you work.

SUMMARY

- One "Picture Making and Programming" unit is compulsory.
- Lecture unit DP-121 is compulsory.
- You are free to elect your other units from any of those which are offered. (Units in the 100's are exploratory in Nature).

MINIMUM ATTENDANCE LEADING TO CERTIFICATION IS THREE HOURS FOR EACH DAY THE COURSE IS IN SESSION.

STANDARD OF WORK

Students are often concerned about the standard of excellence they should reach in their manual work. How proficient should you be in art? It is felt that in the brief time allotted to the units, students should have as broad a survey of activities as possible. However, it is hoped that each student will strive to develop a degree of workmanship which is creative and personally satisfying.

No one expects you to become an artist in a preliminary winter course. All the staff hopes is that you may have experiences which will enable you to become a better teacher. Therefore, do not repeat work just to perfect a skill. Skill is useful to have, but if you want to achieve it, practice between the end of this winter session and the beginning of the next session.

Once you have mastered enough of a technique to use it in a classroom, decide without delay your next field of exploration.

PRESCRIBED READING

With the exception of some of the lecture units, there is no "prescribed reading" for the units of work. An intelligent person reads a book to answer questions which have arisen during his experience. Probably no two persons will want to find the answers to exactly the same questions, and it would seem under the circumstances, to be wasteful of time and energy to do "prescribed reading".

WRITTEN ASSIGNMENTS

What has been said concerning "prescribed reading" applies also to "written assignments". However, written assignments may be involved with the work of the lecture unit or as part of a workshop unit in order to strengthen or develop a concept of planning or programming which is being developed by the staff member concerned. If the participant wishes to write on any topic in order to clarify his thinking or to help him recall useful information which he has discovered, then any writing which is done will be for his own benefit and not as proof of the work done.

EXAMINATIONS

Counsellors and instructors do not set examination papers. Lecturers, however, may give short tests throughout their units or may set a final paper. They may, on the other hand,

.....

..... working on your programme continued

EXAMINATIONS (Cont'd)

summarize a student's progress by means of a "term's work" or in any other manner they may wish to choose.

NOTEBOOKS

Students are expected to keep notebooks during the winter session. Your notebook, suitably illustrated, should contain such information as will be valuable to you when you return to your teaching position. Your notebook should reflect your interest and concern for the work in which you are involved. Write only what is necessary and useful to your situation.

- a) Short descriptions of new techniques learned, including the materials and tools involved.
- b) Suggestions for correlations of those techniques with other areas of school life.

when you finish a unit of work

At the close of each unit of work you have a number of things to do:

- (a) The Progress Record Card, which you received upon registration, will be returned to you on the last day of each cycle. These cards have spaces for a record of the activities explored under the guidance of the staff member.
- (b) WRITE IN INK a short description of the work which you completed in the proper spaces on this record card.
- (c) Take your card, together with work which you have completed to the staff member for evaluation. If you have completed the work required in that unit, and if you and the staff member feel you have progressed satisfactorily, he or she will mark your card "Complete" and sign it.
- (d) LEAVE your card with the staff member.

general information

CURRENT ANNOUNCEMENTS

Please check the bulletin board EACH evening as you enter the school.

COFFEE BREAK

Plans are underway for purchase of light refreshments during the fifteen minute break. Definite arrangements will be announced later.

SMOKING

Because of fire regulations in general and the hazards associated with art materials there is a strict NO SMOKING LAW inside the building with the exception of the area which will be designated. Remember please:

SMOKING IS POSSIBLE IN THE DESIGNATED AREA ONLY

VISITORS

Please feel free to invite your friends to visit the course sessions at any time. An Open House will be held on the last evening of the course for which a special display will be prepared.

DISPLAY OF STUDENT'S WORK

It may be easily understood that displays of work are rather difficult to arrange since we are visitors in a school with its own busy schedule of events. If displays are mounted, students must not remove work from display boards, but should obtain it from the staff member after it has been returned to the room where it was produced. Students will be expected to assist in arranging these displays.

TOOLS AND SUPPLIES

Owing to the high cost of art supplies, students are asked to be particularly careful not to be wasteful of any material. Every student is urged to bring a pair of scissors, since no scissors will be supplied. Sufficient quantities of all other tools and supplies for normal activities are available at no extra cost. Should a student wish to use more than the usual quantity of any material, a charge will be made to cover this extra cost.

STUDENT'S ABSENCE

It will be realized that even one evening's absence is a serious matter in a concentrated winter session such as this. Students who wish to obtain an art certificate should not be absent from any class written on Form A. However, should you be prevented from attending a class it is your responsibility to report the reason for this absence to the office when you return. It is also your responsibility to complete the work which has been missed and take it to the staff member concerned.

EVALUATING THE WINTER SESSION

No matter how thoughtfully a winter session of this kind is planned, there is always room for improvement. Students, who are people with the greatest insight into the success of the course, are asked to evaluate the existing organization. They should suggest means of improving present conditions whenever a practical idea occurs to them. Many of the present arrangements at the art courses are based on the suggestions offered by students at former winter and summer sessions. Please feel free to approach the staff or principal with your suggestions.

LIBRARY

The Art Course has purchased approximately 150 books related to art and art education. These may be borrowed on a weekly basis. Further information will be given regarding these books.
